CURCUMIN+

udbhab

PRODUCT DESCRIPTION

Udbhab Curcumin+ Tablets are dietary supplements that contain curcumin, the active compound found in turmeric (*Curcuma longa*), a plant widely used in traditional medicine and as a spice in various cuisines. Curcumin is known for its anti-inflammatory, antioxidant, and medicinal properties. It is the substance that gives turmeric its bright yellow color and is believed to have a wide range of health benefits.

INGREDIENTS

Curcumin Extract , Black Pepper Extract

PRODUCT BENEFITS

Anti-inflammatory: Curcumin helps reduce inflammation, which is useful for managing conditions like arthritis, joint pain, and inflammatory bowel diseases. **Antioxidant:** It neutralizes free radicals, protecting cells from oxidative damage and supporting overall cellular health. **Supports Joint Health:** Due to its anti-inflammatory properties, curcumin can help alleviate joint pain and improve mobility, making it popular among people with osteoarthritis or rheumatoid arthritis. **Promotes Digestive Health:** Curcumin supports healthy digestion and may help with conditions like indigestion, bloating, or irritable bowel syndrome (IBS). **Supports Brain Health:** Curcumin is believed to cross the blood-brain barrier and may help protect against neurodegenerative diseases like Alzheimer's, as it supports brain function and reduces inflammation in the brain.

HOW TO USE

Take 1-2 tablet per day or as directed by health advisor.
